

excitement on his face was something only a father can understand.

I have seen first hand the toll this has taken on Lenny, his wife, and their three children. Please take into consideration this letter I have written as a true and accurate picture of who Lenny really is and what he stands for. He is someone that I have admired for a long time. Not only for being a successful business man, but more importantly, a family man that has served as a role model for me in my life!

Sincerely,
